SUMMARY

Senior Product Designer with 7+ years designing **zero-to-one enterprise SaaS & B2B solutions**. Led **cross-functional teams** and co-created **design systems** used across 50+ products, driving a 60% efficiency improvement and contributing \$800K in increased revenue. Expert in **user research, AI & data-driven design, and WCAG-compliant systems**. Highly skilled in **Product Strategy & Workshop Facilitation**, seeking to scale enterprise systems to deliver cohesive, brand-aligned user experiences.

EMPLOYMENT HISTORY

Independent Projects | Germany

Product Design & Strategist (Feb 2026 – Present)

- Developed **user-centered AI products** like Alt-Tag Studio and DocDoc, achieving strong **product-market fit** by solving core accessibility and workflow pain points.
- Delivered multiple **zero-to-one mobile-first AI products** such as Alt-Tag Studio and DocDoc by driving end-to-end UX/UI design from discovery to shipped experience, simplifying everyday workflows.

St. Jude Children's Research Hospital (ALSAC) | Remote, USA

Senior UX/Product Designer – Enterprise Revenue & Digital Platforms (Dec 2019 – Jan 2026)

- Led **complex end-to-end design** for an omnichannel **SaaS portal**; drove **stakeholder consensus** through research and testing, improving efficiency by 60%.
- Redesigned **B2B quick-pay mobile workflows** using **A/B testing and analytics**; delivered \$800K revenue uplift within 12 months.
- Co-created a unified **design system adopted across 50+ products** leading to reduced UI inconsistency and accelerated design-to-development delivery for 8 cross-functional teams.
- Directed the **UX strategy** for adoption of Canva for asset creation and management, **working with product manager, developers and engineers**, driving an 89% increase in cross-platform workflow usability.
- Provided **leadership and mentorship** by facilitating Design Thinking workshops; established collaboration standards and improved delivery cadence, driving 400% engagement growth.

Continental AG | Chicago, USA

User Experience Design Intern (Oct 2018 – Mar 2019)

- Doubled product efficiency by leading the **end-to-end UX redesign** of complex car audio-tuning software and implementing **accessible design patterns**.
- Achieved an 82 System Usability Scale (SUS) score by validating new **interaction patterns** through comprehensive **user interviews and usability tests**.
- Enhanced content discoverability by 100% by restructuring **information architecture** to optimize user workflows.

DePaul University | Chicago, USA

User Experience Designer (Aug 2018 – Jun 2019 | Co-op)

- Reduced **design-to-development turnaround** by 25% by partnering with **Agile engineering teams** to optimize user journeys and resolve UX gaps.
- Enhanced **navigation and content discoverability** by designing and developing targeted website and web applications by utilizing HTML, CSS and Wordpress.
